the case interview workbook contains 60 case questions for management consulting interviews with complete solutions every case is compiled and edited by a team of ex consultants from mckinsey company the boston consulting group and bain company this book fills the gap left by others by providing you with plenty of high quality cases to practice on before your interview many cases are from actual interviews at the top tier firms and cannot be found elsewhere after working through this book you will be prepared for every type of case question you may encounter market sizing estimation operations industry analysis pricing growth strategy marketing investment in a market entry customer segmentation profitability valuation logic issue identification cost analysis market expansion and brainteasers to name a few these cases will help you prepare for interviews at leading management consulting firms including mckinsey company the boston consulting group bain company oliver wyman strategy formerly booz company a t kearney roland berger and le k as well as for consulting roles at large firms such as accenture deloitte pwc ey and kpmg note that is a workbook designed to complement other preparation books you will have a hard time solving these cases without learning first elsewhere how to do so e g which frameworks to use how to use them and how to structure a solution

in the ultimate case interview workbook you ll sharpen your case interview skills to dominate your upcoming interview and land your dream consulting job taylor warfield a former bain management consultant and interviewer provides essential practice problems and challenging cases to develop the skills needed to get multiple job offers use this workbook to access 65 problems tailored towards each type of question in case interviews feel confident across a range of interview questions including framework questions market sizing problems profitability assessments breakeven analysis charts graphs analysis brainstorming questions and other qualitative questions 15 full length cases based on mckinsey bcg and bain interviews build business acumen across a variety of industries e g technology retail healthcare energy finance non profit and functions e g strategy operations efficient practice that can be done individually or with a partner save yourself time by working through carefully crafted practice problems and cases that teach you a new concept strategy or takeaway each time warfield s former students include undergraduates mbas advanced degree holders and experienced hires they have landed job offers at top consulting firms

including mckinsey bcg bain deloitte l e k oliver wyman and accenture as well as at fortune 500 strategy groups i felt really confident after my mckinsey interview this book's cases prepared me perfectly they were very similar to the ones i received in my first and final round interviews mckinsey consultant wharton mba candidate i had very little time before my next bcg interview this book provided me with plenty of practice that i could do by myself after working through these cases i felt excited going into my interviews bcg associate experienced hire these cases were much higher quality than those found in other case books the explanations were detailed and thorough and i got to practice thinking like a true consultant bain consultant stanford undergraduate also visit hackingthecaseinterview.com for a one week online crash course to pass your upcoming interview

welcome to the world of opportunities through my book named ranjesh's current job interview questions and answers for all job interviewers interviewees it is meant for all professional students and teachers who want to win job interviews in any company organization in any field across the country this book has been written for cracking and winning all the job interviews it has been designed to help you prepare and crack for any type of job interviews including both at engineering college and at management institutes across the country this book is aimed at changing your nervous mindset towards interviews and more importantly making you believe that to win every job simply in your own hand this book is the ultimate guide to job interview answers it is aimed and designed to crack all job interviews across the globe this book is a must for all job interviewers interviewees

management consulting careers are more popular than ever and that means that consulting interviews are even tougher the case interview question a complex business analysis is the bane of prospective consultants everywhere don't get tripped up by your case interviews read the vault reports guide to the case interview this book is packed with information you need to know for your consulting interviews including case interview questions with suggested approaches and solutions frameworks for conquering your case questions both basic and advanced tackling accounting and financial case questions what to expect from your case interview solving the guesstimate handling brainteasers and other oddball questions consulting lingo and buzzwords and much more if you have tough consulting interviews or any interview that requires intense case analysis you need the vault reports guide to the case interview

you often hear in discussions about case interviews that you should not use standard business frameworks and concepts at all because they just don't fit to the specific case question and interviewers don't like it when candidates use standard frameworks to solve cases however when challenging this shallow generalized and popularized statements there aren't any of those arguments remaining on the table it is most definitely true that you can't crack a realistic interview case by relying solely on standardized frameworks but all those business frameworks and concepts are extremely helpful templates which you can and even should put into your toolbox and use them whenever appropriate if not to the full extent at least partly such a standard business framework is just a tool and the tool itself is rarely good or bad it mainly depends on how and for which purpose you use it with this book you achieve all of the following get a profound overview of the most important business concepts and frameworks needed in consulting case interviews really understand those business concepts and frameworks instead of possessing only knowledge of dangerous half truths impress your interviewer on how structured and therefore client friendly you tackle tough case interview questions quickly learn how to actually apply those frameworks to concrete business situations instead of just having a shallow theoretic knowledge of them be more mece mutually exclusive collectively exhaustive in setting up your overall case structure at the beginning of your case interview better structure your answers to particular questions later on in your case interview again being more mece save tons of time by having high quality content from 10 years of consulting and interview experience together in one single book significantly reduce the risk of losing a tier 1 consulting firm job offer because you were not structured enough in your interview and we all know how important it is to be abs always be structured

professional career guide from the vault career library providing detailed case by case explanations of the consulting interview and strategies for cracking it
