deborah dean is back with a significantly reenvisioned and revised edition of her popular strategic writing after working with high school teachers who implemented the approach detailed in the first edition dean has refined reorganized and updated the material to better support classroom teachers dedicated to teaching not just the process of writing but also the strategies of writing that help students develop the ability to write effectively throughout their lives most of the changes were prompted by the desire to help teachers better understand an overall strategic approach that can counter the testing climate that pervades many schools this approach works within a workshop model and uses the writing process as an umbrella framework in addition to providing engaging and practical classroom activities this new edition offers 1 explicit strategy talk with lesson plans that differentiate between strategy activity and mini lesson to further demonstrate how all three function in a strategic approach 2 a focus on digital tools and genres which have proliferated in the last ten years 3 a more accessible organization with the conceptual material in early short chapters and the teaching ideas examples of student work and lesson plans in appendixes and 4 grouping by types of strategies for better alignment with process than with rhetoric as always dean considers students out of school as well as in school writing tasks preparing them for a world in which writing is a critical skill whether for school work information or self expression

2015 outstanding book award association for educational communications technology aect a book that explores the problematic connection between education policy and practice while pointing in the direction of a more fruitful relationship inside the black box of classroom practice is a provocative culminating statement from one of america s most insightful education scholars and leaders inside the black box of classroom practice takes as its starting point a strikingly blunt question with so many major structural changes in u s public schools over the past century why have classroom practices been largely stable with a modest blending of new and old teaching practices leaving contemporary classroom lessons familiar to earlier generations of school goers it is a question that ought to be of paramount interest to all who are interested in school reform in the united states it is also a question that comes naturally to larry cuban whose much admired books have focused on various aspects of school reform their promises wrong turns partial successes and troubling failures in this book he returns to this territory but trains his focus on the still baffling fact that policy reforms no matter how ambitious or determined have generally had little effect on classroom conduct and practice cuban explores this problem from a variety of angles several chapters look at how teachers in responding to major policy initiatives persistently adopt changes and alter particular routine practices while leaving dominant ways of teaching largely undisturbed other chapters contrast recent changes in clinical medical practice with those in classroom teaching comparing the practical effects of varying medical and education policies the book s concluding chapter distills important insights from these various explorations taking us inside the black box of the book s title those workings that have repeatedly transformed dramatic policy initiatives into

familiar and largely unchanged classroom practices

drawing upon decades of research and myriad authentic classroom experiences kathleen m budge and william h parrett dispel harmful myths explain the facts and urge educators to act against the debilitating effects of poverty on their students they share the powerful voices of teachers many of whom grew up in poverty to amplify the five classroom practices that permeate the culture of successful high poverty schools 1 caring relationships and advocacy 2 high expectations and support 3 commitment to equity 4 professional accountability for learning and 5 the courage and will to act readers will explore classroom tested strategies and practices plus online templates and exercises that can be used for personal reflection or ongoing collaboration with colleagues disrupting poverty provides teachers administrators coaches and others with the background information and the practical tools needed to help students break free from the cycle of poverty

survey of principles and tools for second language assessment
